## BillPro-CRX™ Card and Bill Acceptor

*BillPro-CRX delivers a new level of profit by combining credit and debit card acceptance with conventional bill acceptor technology.*

### KEY BENEFITS

- Increase sales by offering customers more ways to pay. Accepts bills, credit or debit cards, and coupons.
- Intuitive vertical card swipe ensures reliable transactions time after time.
- Illuminated card and bill paths capture attention for additional throughput.
- Audible feedback and high contrast display guide customers through the sale; resulting in repeat visits and increased sales.
- Built on the highly reliable and flexible BillPro™ system, the BillPro-CRX gains you access to the growing cashless sector.
- Designed for ease of use, the optimized ergonomics make it the best product for your application.

**User friendly features translate into increased sales.**

**More ways to pay means more profits for you.**
